

## OREGON MIST.

PUBLISHED EVERY FRIDAY.

### SIDE-HEAD PARAGRAPHS.

**TOTAL ECLIPSE.**—The total eclipse of the moon on Sunday evening was viewed by many people of this place. As well as being a curiosity it was also very pretty, being at times almost hidden by flying clouds. The moon first appeared to view about 8 o'clock, and it was full two hours before its full also appeared to view.

**EXCHANGED FILIPPI.**—Judge McBride is occupying the bench in Judge Stephens' department, state circuit court, in Portland, this week, while the latter gentleman takes Judge McBride's place on the bench at Astoria. The reason for this is that matters in which Judge Stephens is interested will come up in his court this week which disqualifies him for presiding.

**WILL HOLD OVER.**—It is now pretty definitely settled that the railroad and other commissions whose success or the legislature failed to elect, will hold over for another two years. Attorney-General Idleman has delivered an opinion to the effect that they hold until their successors are elected and qualified. The case may take a turn but it doesn't look that way at present.

**COMMUNIST GAMES.**—Sheriff Doan and Deputy Blakesley are very busy these days collecting taxes and writing receipts therefor. So far the collections have been good, even better than during a corresponding period last year. Several heavy non-resident taxpayers have already liquidated their indebtedness to the county and the sheriff is kept very busy writing letters and receiving taxes.

**THE NEW LAW.**—The new Butler law which was enacted by the late legislature provides that hereafter on filing a complaint in the circuit court that the plaintiff must pay the sum of \$5 to the clerk, if the amount involved is under \$500; if over \$500, the fee will be \$10. In probate court the party filing a demurrer, answer or motion, shall pay \$5. The trial fee in circuit court will hereafter be only \$3.

**TO THE REFORM SCHOOL.**—Upon a complaint filed by A. A. Bonner, of Scappoose, Ward Bonner was found guilty of incontinence before Justice Swager Monday, and sentenced to the State Reform School, where he was taken by Constable Decker. The lad is said to have escaped from the Aid society at Portland, Oregon, where he had been placed by his guardian, and had been hiding in the vicinity of Scappoose for several days past.

**ELECTION HOTLY CONTENDED.**—The school election in Portland Monday caused quite as much excitement as a general election. The candidates for director were D. P. Thompson, who has held the position for ten years, and J. A. Stronberg, the latter being elected by a majority of 723 votes. The city also voted upon the question of free or toll bridges which resulted in favor of free bridges by a majority of 1540.

**ONE STORY HIGH.**—Sweetland & Sheldon have the lumber on the ground for the erection of a second story on their butcher shop. They propose to raise the roof up the height of one story and make a large hall. This can be done very cheaply, as it will require comparatively little extra lumber, while the same roof will cover two floors instead of one. These gentlemen expect to lease the upper story for a lodge room to some of the secret societies.

**IT LOOKS BETTER.**—The Masonic brethren have been having some improvements made to their hall and grounds in this city. The woodshed has been moved up to and joined onto the main building, new walks have been built or repaired on two sides of the hall and a new foundation put in place to strengthen the building. The grounds have also been improved by clearing away the rubbish and plowing the ground, which will be cultivated this year, after which it will be sown to grass. The premises look much better now.

**GOVERNORS OF OREGON.**—Following is a complete list of Oregon's governors of all kinds: Provisional governor, George Abernethy; first territorial governor, Joseph Lane; second, John P. Gaines; third, Joseph Lane, who qualified and resigned; fourth, George L. Curry, by virtue of office as secretary; fifth, John W. Davis, qualified and resigned; sixth, George L. Curry, as secretary and later appointed; first governor of state, John Whiteaker; second, Addison C. Gibbs; third, Geo. L. Woods; fourth, L. F. Grover; fifth, S. F. Chadwick, as secretary of state; sixth, W. W. Thayer; seventh, Z. F. Moody; eighth, Sylvester Penney; ninth, William P. Lord.

**IMMIGRANTS COMING WEST.**—The Northern Pacific general passenger office reports that a large number of people are leaving the Dakotas and are coming West. These people are moving in squads of forty or more, and are mostly settling in Washington on the lands newly irrigated. There seems to have been extra inducements offered them by the landowners, and they are availing themselves of the opportunity to leave the drought and cyclone-stricken sections of Dakota to settle in the land of promise. It is also stated that scattering numbers of these people are finding their way into Oregon.

**THE BAILEY GATEWAY.**—The steamer Bailey Gateway, owned by the Columbia River and Puget Sound Navigation Company came down Monday in place of the Telephone. The Gateway has been almost new since the company first decided to place her on the Astoria route. Her engines have been replaced with larger ones, her boiler completely transformed and put in shape for a night boat. It is believed that her machinery will develop good speed once a great deal of money has been spent on her and her owners will be greatly disappointed if she should not show good speed.

**NEW LAW FIRM.**—In another column will be found the card of Allen & Cleaton, lawyers. Mr. Harrison Allen, who has been very successfully practicing law here for the past six months, and Representative T. J. Cleaton have formed a partnership for the practice of their profession, and are established with commodious quarters in the Taylor building. Mr. Cleaton is too well known in Columbia county to need an eulogy at our hands, only to say he is a safe and shrewd business man. Mr. Allen's practice since he came here speaks for itself. We do not contend that these gentlemen are the most able lawyers in the land or that they have or will have a corner on the legal business of Columbia county, but we believe any business entrusted to them will be in safe, conservative hands. With Dillard & Cole in the field, this county has two strong legal teams.

**NOT AT PRESENT.**—Corvallis Times: "Several newspapers announce eagerly that Bonner & Hammond are about ready to begin building the Oregon Pacific into Eastern Oregon, and a branch to Eugene. Bonner & Hammond may, in time, do both, but so long as the appeal pends, they will do neither, and it is idiotic to assert that they will do anything else until after the appeal is settled. Bonner & Hammond would turn up a pair of pants and beautifully plucked business men should they spend money on the Oregon Pacific and then see a supreme court decision send the property back into Judge Fullerton's court, and back to the gang who have wallowed the poor old property into the quagmires of debt for so many years."

**FATE OF THE BILLS.**—In the house of representatives during the recent session of the legislature there were 384 bills introduced. Of these 143 passed that body, and 121 died either in failure to pass, by indefinite postponement, by being tabled or being withdrawn. Of the 143 that went to the senate only forty-two passed that body, an even hundred going to sleep in the bosom of pig-headed prejudice. The senate passed 110 of its own bills of which forty-nine were passed by the house, twenty-three died in the hands of the various committees and thirty-eight were disposed of in the various ways of indefinite postponement and want of passage. Thus altogether ninety-one bills passed both houses and eighty-seven became laws, but they are principally charter bills.

**ARTICLE OF INCORPORATION.**—Articles of incorporation have been filed with the secretary of state incorporating the Columbia County Co-operative Association, the purpose of which is to develop a portion of Columbia county by building and operating manufacturing, etc.; principal place of business is restricted to section 14, township 5 north, range 4 west, Willamette meridian, the same being near Pittsburg. The incorporators are M. Davidson, J. F. Kerr, R. Seseman, G. L. Kerr, Thomas M. Kerr and George Brown.

**Notice to School Boards.**

SCAPPOOSE, Or., March 12, 1895.

A report has gained credence in some parts of the county that the available school fund for 1895 would be short, and several school district boards are postponing the usual spring term of school in consequence. This is an error and should not affect the regular spring school. The April appropriation of county money will take place as usual, and will be as large as common, however. The August apportionment of school funds may not be equal to the past, yet the two funds will be ample for a reasonable term of school. Very Respectfully,

J. G. WATTS,  
County School Superintendent.

The Deputy District Grand Matron, Mrs. M. E. Hall, of the order Eastern Star, will be here tonight and deliver a lecture to the members of that order. A number of visitors from other chapters are expected to be present.

Dr. E. T. Carns, dentist, of Portland, will visit Rainier April 10th and remain until April 20th. Dr. Carns is prepared to do all kinds of work pertaining to dentistry. Teeth on gold, silver, aluminum, and rubber plates. Gold crown and bridge work. Teeth extracted without pain.

Dr. Ross desires us to publish the following extract from a letter of Chas. M. Guilford, of Reedley, Fresno Co., Cal., as he handles the remedy referred to and wants his customers to know what a splendid medicine it is: "It is with pleasure I tell you that by one day's use of Chamberlain's Cough Remedy I was relieved of a very severe cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy."

A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been contracted it will cure the cold at once and prevent it from extending to the lungs.

Bernard McCarthy sold and transferred by deed, Wednesday, to Rufus Waterford the south 1/4 of south west 1/4 section 35, township 6 north, range 3 west. The consideration was \$525. The land is located near Gobbs. The papers were made out by Allen & Cleaton, being the first business done by the new firm.

In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter Co., Cal., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy which broke up the cough and cured him. Mr. McFarland says whenever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by Dr. Edwin Ross.

**How to Cure Rheumatism.**  
ARABO, Coos Co., Or., Nov. 10, 1893.  
I wish to inform you of the great good Chamberlain's Pain Balm has done my wife. She has been troubled with rheumatism of the arms and hands for six months, and has tried many remedies prescribed for that complaint, but found no relief until she used this Pain Balm; one bottle of which has completely cured her. I take pleasure in recommending it for that trouble. Yours truly, C. A. Bullard. 50 cent and \$1.00 bottles for sale by Dr. E. Ross, druggist.

The Mist does not object to taking silver on subscription. We are even glad to get Columbia county warrants. They are taken at this office on all accounts.
